Working space open

THE Factory in Poole is offering customers the use of its co-working space facilities free of charge for one day only later this month.

BCHA's social enterprise outlet, The New Leaf Company, is based at The Factory in Alder Hills.

The BCHA organisation offers housing and

work opportunities for homeless and vulnerable people.

The recently created co-working hub is aimed at small and start-up businesses, and the venue offers free 100MB wi-fi, free hot and cold drinks, and on-site café and free parking. It will be opened up for free on St Patrick's Day, March 17.
